# A "p" following the OU course number indicates that the transfer course does not completely cover the content of the specified OU course. Please check with the appropriate OU degree-recommending college to determine if the transfer course will be accepted as a full equivalent with respect to fulfilling degree requirements at OU. Additionally, transfer courses that carry fewer semester hours than their OU counterpart will generally substitute for the indicated OU courses, but students must make up the difference in credit hours before graduation.

\* Refer to the key below for the general education code definitions.

† ALL courses must be satisfactorily completed in order to be accepted as the specified OU course.

††† Transfer course is equivalent in content and will substitute for specified OU upper division course. However, additional upper division hours may be required for graduation.
