| LA 5402 | Research Methods in LA | 2 |
| LA 5940 | Field Work - Internship (2 credits) | 2 |

Professional Practice Requirement (2 hours) Must be chosen from approved list

Advanced Professional Electives (3 hours minimum)*

The master's degree requires the equivalent of *at least* two semesters of satisfactory graduate work and additional work as may be prescribed for the degree.

All coursework applied to the master's degree must carry graduate credit.

Master's degree programs which require a thesis consist of *at least* 30 credit hours. All non-thesis master's degree programs require *at least* 32 credit hours.

Credit transferred from other institutions must meet specific criteria and is subject to certain limitations.

Courses completed through correspondence study may *not* be applied to the master's degree.

To qualify for a graduate degree, students must achieve an overall grade point average of 3.0 or higher in the degree program coursework and in all resident graduate coursework attempted. A student must also have at least a 3.0 in all coursework (including undergraduate coursework if any).

*Any graduate level course at the 5000 or 6000 level, or 'G' designated undergraduate course at the 3000 or 4000 level may be taken that is appropriate to the student's interests and area of specialization. Students are encouraged to work with an advisor, either the Division Director or the Graduate Liaison, to develop a package of appropriate electives. Allied departments at OU that may have useful offerings include Anthropology, Architecture, Art, Botany, Business Administration, Construction Science, Civil Engineering, Environmental Science, Communications, Geography, Geology, Health and Sport Sciences, Human Relations, Political Science, Regional and City Planning, Sociology and Zoology.

A student who has done satisfactory graduate work and has earned a 3.0 grade point average may file for master's candidacy.
